

Who is Who in Offshore Renewables  
EDP Inovação

26-10-2010

EDP Inovação is the main innovation promoter within the EDP Group. Offshore Energy is one of the five innovation priorities. Offshore team is led by EDP Inovação with support from EDP Renováveis

EDP Inovação's Mission

Promote valued added innovation within the EDP Group

## Offshore Energy Team

António Vidigal

- CEO of EDP Inovação
- Strategy and overall supervision
- [antonio.vidigal@edp.pt](mailto:antonio.vidigal@edp.pt)

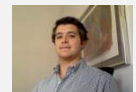

Luís Manuel

- Executive Director of EDP Inovação
- Financial, legal and project management
- [luis.manuel@edp.pt](mailto:luis.manuel@edp.pt)

João Maciel

- Head of Technology Development at EDP Inovação
- Project management and technological supervision
- [joaogoncalo.maciel@edp.pt](mailto:joaogoncalo.maciel@edp.pt)

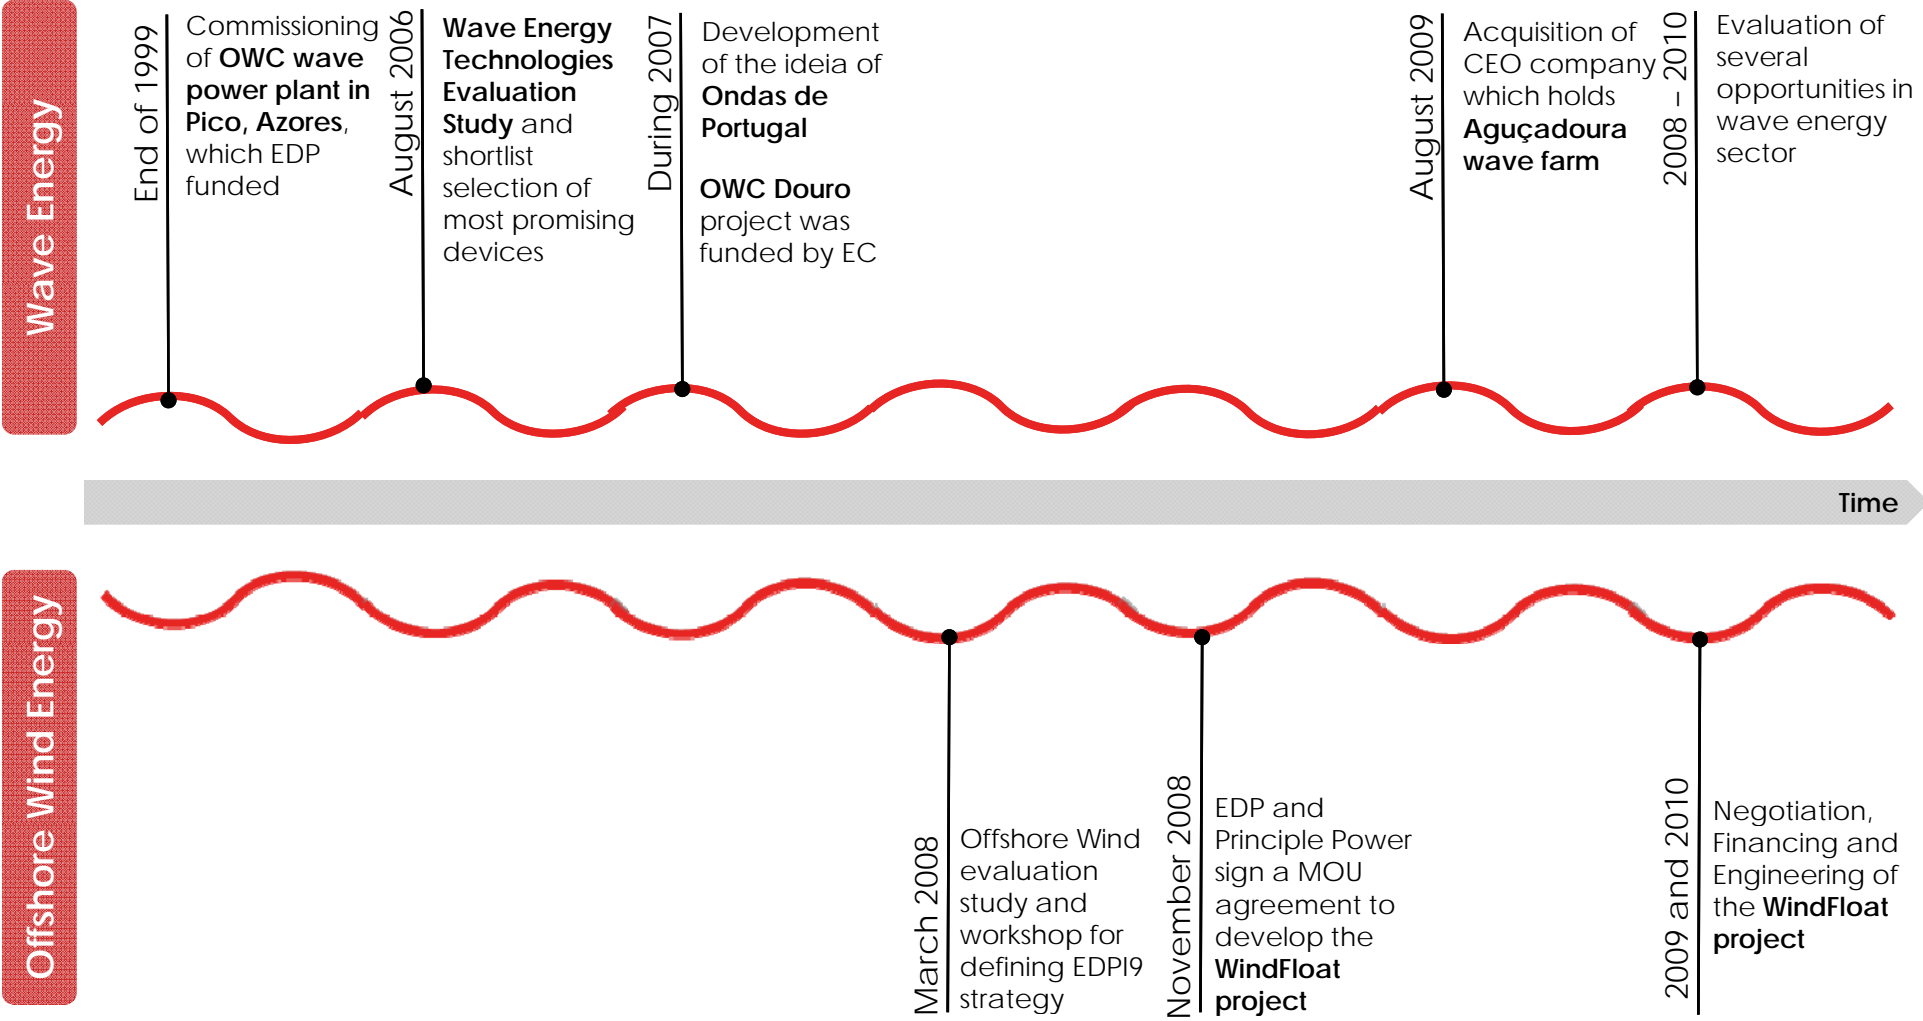

Pedro Valverde

- Project Manager at EDP Inovação
- Project management and technological support
- [pedro.valverde@edp.pt](mailto:pedro.valverde@edp.pt)

# Offshore Energy – EDP’s activities

# Offshore Energy – The Windfloat Project

## Phase 1 – 2MW Prototype

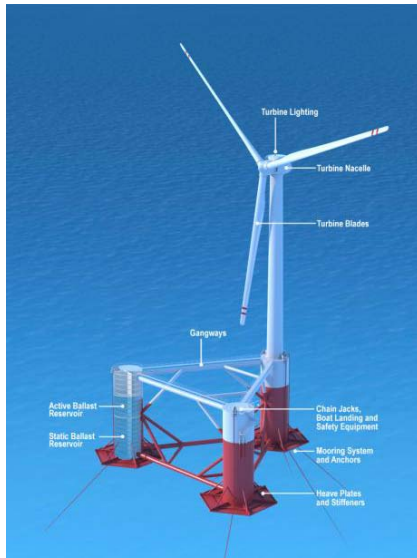

Capacity: 2MW WindFloat prototype

Location: Aguçadoura, grid connected

~5 km of coast, 40 - 50 m water depth

Turbine: 2MW offshore wind turbine

Test period: at least 12 months

## Main Technological Features

- Turbine Agnostic
- High Stability Performance
- Depth Flexibility (>40m)
- Assembly & Installation
- Oil&Gas adapted concept

Thank you!
